Report on Eye Test Campaign at Vejendla Village

Activity	Eye Test Campaign at Vejendla Village
Date	20.10.2017
Place	Vejendla, Guntur District
No of participants	72
Academic Year	2017-18

Eyes are vital body part in the human body. It is our responsibility to keep our eyes safe and protect against any type of injuries. At the same time it is essential to have regular check-up for good vision and take necessary remedial actions to safeguard the eyes against any diseases. By taking care of eyes, we can lower the risk of becoming blind and losing eyesight while monitoring eye conditions with regular tests to identify tests for glaucoma and cataracts. By keeping all these issues into consideration NSS unit of VLITS organized an eye inspection camp at Vejendla village with the support of Dr.P.Srinivasa Rao, Madurai Eye hospitals, Guntur on 20-10-2017.
