Report on Water Pollution Awareness Program at Selapadu

Activity	Water Pollution Awareness Program
Date	03.03.2021
Place	Selapadu Village
No of participants	142
Academic Year	2020-21

The NSS unit of VLITS has organized a water pollution camp in the Selapadu village. In this camp, NSS students created awareness of water pollution and its effects on 03.03.2021. The students explained to the village people, the effects of water pollution on human beings, animals, and ecological systems changes. The water pollution awareness camp was initiated by the in charge of the NSS Unit of VLITS.
