Report on Free Eye Test Camp at Vejendla

Activity	Free Eye Test Camp at Vejendla
Date	27.7.2022
Place	Vejendla
No of participants	70
Academic Year	2021-22

Our eyes are by far the most important sense organs. It is crucial because we perceive almost 80% of all impressions through our vision. Thus, our eyes play a vital role in our health and are constantly working. Our ability to listen and communicate with our eyes largely accounts for our nonverbal communication. In addition to reflecting our moods, our eyes can also, to some extent, reflect our health and welfare. Vignan's Lara Institute of Technology & Science (VLITS) not only cares about its students and faculty, also cares about the people in nearby villages. The NSS team of VLITS organized a one day free eye check-up camp on 27.07.2022 at Vejendla village in collaboration with Rabbani Optical Guntur and more 100 village people got benefitted. The eye test camp was arranged by NSS coordinator of the college Mr. Venkata Ramana, Department of mathematics, VLITS.
