Children need a lot of nutrients to help their bodies develop all the necessary organs, tissues, and functions, and the type of nutrition they receive can have a significant impact on their health. The cuisine a youngster consumes can have an impact on everything from behavioural habits to fundamental brain function. VLITS always encourage the students and faculty to participate in various social service activities. The NSS team of VLITS conducted a camp to help the needy (Orphans) at Sattenapalle on 26.07.2022. In this camp, the food products and daily life necessities such as rice packets, hair oils, soap, cooking oils etc. were distributed to the children of Orphanage. Totally, 71 students were participated along with faculty members. This camp was successfully organized with help of NSS students of the college in collaboration with Parivarthana orphans, Sattenapalle. Guntur, Andhra Pradesh.
