Report on Plantation of tree sapling and Gardening

Activity	Plantation of tree sapling and Gardening
Date	22.04.2022
Place	College Campus, Vadlamudi
No of participants	88
Academic Year	2021-22

The NSS unit of VLITS has organized a mega tree plantation drive at college premises, an initiative to transform into a green campus. They provide life with essential oxygen and absorb carbon dioxide. They purify the air, attract more rainfall and recharge the groundwater table. The plants are to be conserved, preserved, and protected for sustainable ecological balance and development. Our ancient culture encourages planting trees, if we protect trees, they will protect us. The need of the hour is a forestation but not deforestation. Dr. K. Phaneendra Kumar, inaugurated tree sapling and gardening program. A total of 88 students along with faculty have participated in this drive. The faculty in charge of the NSS Unit presented a vote of thanks to the guests and congratulated the participants.
